

HAND CRAFTED BY AUSTRALIA'S MOST AWARDED LUXURY MOTOR YACHT BUILDER

Cross over to a Riviera adventure yacht

The Riviera SUV Collection: Family and friends will thank you forever

Next time you seem certain to be swamped by the incoming tide at work - everything wanted yesterday, or the day before - take a moment to reflect on the larger picture.

There is a bigger world out there filled with wonder and adventure. Over 70% covered in water, and just waiting for you to discover it all.

What better excuse could you have to run with the outgoing tide and explore all the highlights of both hemispheres on board your brilliant new Riviera SUV adventure yacht.

Surrounded in luxury, totally relaxed and taking every opportunity to create unforgettable memories, your friends and loved ones will thank you forever.

The Riviera SUV Collection is made up of the 395 SUV, 445 SUV, 545 SUV, 575 SUV and now the sensational new 505 SUV. They are a perfect meld of the high performance and wide open cockpit

of the classic Riviera Flybridge Collection, and the luxurious single level, alfresco entertaining style of the award winning Riviera Sport Yachts. And with our new 505, our highly-skilled design team has added the magic of a mezzanine to the living plan: adding a new dimension of comfort to your motor yachting adventures.

With our SUV Collection you will be at the helm of two fabulous motor yachts in one ... with twice as many excuses to turn your life into one great adventure after another. Enjoy!

Rodney Longhurst - Owner Riviera

Riviera 545 SUV: Just made for escape

It is one thing to combine two types of craft, quite another to create an inspired new whole: a fresh class of luxury motor yacht which will forever change the way you think about and pursue your blue water activities.

The renowned Riviera design team have set out to embrace 'ultimate versatility'. The result is the spectacular Riviera 545 SUV, the entertaining meets exploration craft just made for escape - escape par excellence.

Look around the expansive cockpit, suitably outfitted for your favoured water sports. Picture yourself cruising the great waterways of the world, diving in the Bahamas, or fishing on the Reef. Anything and everything is possible on board your Riviera 545 SUV.

World famous, ocean tested, Riviera build quality and strength underpinned by spirited, enduring performance and retained resale value. And no motor yacht could be more luxurious or better appointed.

From bowsprit to boarding platform, you will relish the Riviera attention to detail, handcrafted luxury and astonishing operational technology. This is cruising on an unprecedented scale of comfort and ease.

Luxuriate in a standard of finish others call optional. Revel in the Riviera design with unrivalled design flow and sweeping glass and surround views from the saloon and helm. Marvel at how much easier and more enjoyable the Riviera embrace of modern technology makes every cruising experience.

There is a whole other world of refined living below decks with three staterooms and two bathrooms. And then, of course, there is the Volvo Penta Glass Cockpit navigation system and silky- smooth Volvo Inboard Performance System (IPS), to power your every cruising and escape dream.

Wherever in the world that may be.

Your escape starts here

Your love affair with the Riviera 545 SUV commences from the moment you step on board with nonchalant ease through either of the double transom doors.

Notice the sporty fibreglass hardtop 545 design feature above offering cockpit shelter and shade. The elegant teak decking at your feet. And the brilliant 360 degree views courtesy of the forward windscreen, tinted and tempered glass sliding side windows and rear door, and opening awning window - encased in rugged, gleaming stainless steel.

Riviera designers have clearly thought of everything in what is, in effect, a full flybridge-scale cockpit space. Out here you can entertain, converse, unwind, sunbathe, swim, dive or fish, all in sublime style.

There is a superbly comfortable three-seater cockpit lounge forward to port. Upholstered in Sunbrella, a contemporary, high quality, weather-resistant fabric, the lounge can also be converted to a restful day bed. But in concert with the integrated, superbly crafted teak table, it makes an ideal conversation and entertaining area. And just over to starboard, you'll find a double grill barbecue with stainless steel splashback, LED lighting and ice-maker below to help fuel the good times.

Lovers of the great escape, recreational or angler, will appreciate the 545 SUV as much as the cruising family. You can, for instance, fit a larger cockpit table, game chair or custom rod holders with ease. And the transom lounge can be shortened to accommodate diving and swimming gear storage, or even a live bait tank.

It's all here waiting for you to press the escape button.

Safety over and above

Children, grandchildren, friends of any age, even your pets... Riviera wants everyone to enjoy every part of your remarkable 545 SUV. That means placing a high emphasis on safe passage to the amazing and expansive forward deck.

Up here, life takes on a different, refreshing perspective: new vistas and new possibilities at every turn. And thanks to Riviera ingenuity and attention to detail, getting there has never been easier.

Wide side decks featuring thoughtfully placed handrails, a high side and bow rail and raised, toe-kick bulwarks, ensure safety and comfort, even in inclement weather. The foredeck's deep anchor lockers store a range of equipment concealed from the elements and view. Above all though, life up here for you and your guests is all about experiencing the freedom, adventure and relaxation possibilities that the great escape has to offer.

Be the first to spot a private anchorage, pod of dolphins or calming sunset. Alternatively, if all that sounds a trifle too energetic, you may just wish to relax into the large cushioned sun pad built for two and let the world slide by, flat out doing precisely...nothing.

The heart of the matter

Has there ever been a more welcoming and inspired luxury yacht design than the Riviera 545 SUV? All that space, light, strength, luxury and practicality. So step into the heart of the vessel now, the saloon, and see what pleasures await.

The rear bulkhead finished in tinted, tempered glass and housed in a ship-like, highly polished stainless steel frame, looks as good inside as it does out. (And being a Riviera will do so for decades to come.)

Immediately to port, precisely where it should be for maximum interaction inside and out, is the superbly appointed galley. With designer appliances, handcrafted cabinetry, ample storage and Corian bench tops, be sure to bring your favourite recipes on board, because you can create magic here.

And speaking of magic, look at the views forward, port, starboard and astern...you'll be surrounded by inspiration.

With the large glass awning window connecting you to the cockpit and the adjacent saloon, you are in the true heart of the moment ...entertaining, conversing, laughing and sharing life, forward and aft...doing it all with grace, style and ultimate ease.

The spectacular saloon

The saloon of the Riviera 545 SUV is spectacular in every way: a spectacular space to enjoy, admire and absorb the surrounding views. From the panoramic 360 degree windows to the touch-of-a button star lover's sunroof, to the standard of furnishings and finish, Riviera designers have truly excelled.

Whether you are enjoying the company of new found friends, entertaining or simply unwinding with your favourite people in the world, one thing is certain: you are in for a spectacularly fine time.

Settle into the large L-shaped lounge to port and contemplate the views and your next boating adventure. That fabulous hi/lo dining table can easily fold and lower to become a coffer table once the main courses have been served.

To starboard you will discover the beautifully crafted, double stitched three seater-settee, with slide-out ottoman and extra table for more entertaining or dining possibilities. And should you feel the need to reconnect with the world you've left behind, press a button and your 32-inch television with integrated sound system will emerge (then adjust for optimum viewing), from its discrete storage compartment.

Here in the saloon, as in all the 545's enclosed spaces, reverse cycle air conditioning complements your level of comfort. Should you so desire though, the side sliding glass windows can easily be opened to invite fresh sea air...just spectacular!

Step forward and take command

Comfortable driving a contemporary luxury car? Then you can confidently take command of a beautiful 545, and set out to discover a better world - a world full of new ports, secluded bays, friends, entertaining and recreational possibilities - a world largely unaffected by the pace of modern life.

So, step forward with confidence from the saloon, slide into the big, comfortable captain's chair and take command of the sports-inspired steering wheel. How good does it all look and feel. Stylish. Clean. Ultra modern.

Every single component - seating position, console lay out, electronic aids, instrumentation and displays - has been engineered and integrated to make being a Riviera skipper a real joy.

Just look at the amazing visibility through the curved, toughened glass windscreens, equipped with anti-fog air conditioning vents. Experience complete control through fingertip-easy, joystick maneuverability. Feel the surge of power from the state-of-the-art, silky-smooth twin Volvo Inboard Performance System (IPS), totally at your command.

Now take in the large multi-function display touch screens - alive with astonishing technical virtuosity - easily guided by an intuitive menu. At a glance you can take in full vessel controls, engine system monitoring and all navigational aids - just so easy.

The art of the escape has never been more fulfilling. Or simpler to command.

The light and luxury below decks

The lifestyle advantages of escaping on board your own gleaming new Riviera 545 SUV are not merely limited to above deck. In the lower accommodation deck, you'll find a standard of luxury and appointments normally only associated with the finest hotels.

What hotel however could boast such constantly changing, always inspiring views?

So, step down the timber-finished companionway and immediately notice the headroom, space and...the light! Lots and lots of lovely atrium light, brightening the space and your being, courtesy of the massive glass windscreen and saloon sunroofs above.

You'll feel at home straightaway. And you still have the three staterooms and two bathrooms to experience and enjoy...

Satin Oak timber finish

Masterful elegance and design

A little tired after all that entertaining, swimming, fishing, and unwinding? The accommodation deck beckons, alive with natural light and the anticipation of accommodation luxury beyond measure to come.

A promise more than fulfilled by the three staterooms and two bathrooms of the entirely fabulous Riviera 545 SUV.

Grace, style, luxury and spaciousness...here in the full beam master stateroom the Riviera design and craftspeople have more than accepted the challenge to excel, they have taken it to another level.

It is...just beautiful; beautifully designed, appointed and finished in every detail. The queen-sized walk-around bed conceals ample storage drawers and lockers; so beyond being supremely comfortable, the space is royally welcoming.

Natural light fills the stateroom and an air of restful luxury pervades. Soft elegant fabrics and warm wonderfully finished woodwork soothe and invite. Bedside table drawers slide with absolute ease.

Settle back in air-conditioned comfort or opt for a

refreshing sea breeze from your opening portholes, enjoy the sunrise from the panoramic hull window or push a button to enjoy your home theatre system.

Rest assured, here in this special place, a world away from the everyday, you are cocooned and cared for. And you invariably wake replenished and eager for your next impending grand adventure.

Forward and themed on a similar grand scale of handcrafted luxury, comfort and contemporary appointments, is the master stateroom ensuite bathroom. Notice the space, the elegance, mirrors and shower: Like every part of this astonishing craft, it's everything you could dream of, and more...

VIP treatment for your guests

Given the style in which you entertain your guests above decks and accommodate them below, little wonder Riviera 545 owners tend to be popular.

Your VIP guest stateroom is a study in outstanding attention to detail, craftsmanship, quality and finish for which the Riviera marque is internationally renowned. Look at the large wide welcoming bed, the superb handcrafted cabinetry that hide generous hanging and storage space, the plush pile carpet underfoot, the LED lighting overhead.

They'll love the natural light from the expansive hull windows and fresh air from dual deck hatches.

Just as importantly, you'll love being in a position to treat your family and friends to all the comfort and luxury and sheer good grace they so rightly deserve.

This study in luxury naturally extends to the superbly appointed, adjacent ensuite which, with two-way entry, also serves as the day head.

Every need of your guests has been anticipated

In the World of Riviera every desire is catered for and need anticipated, including the need to accommodate extra guests, the children or grandchildren in a suitable luxury and style.

Here you will discover twin adult sized upper and lower beds, generous headroom, cedar-lined hanging locker, ample drawer and storage space...plus that distinctive Riviera air of quality at every turn.

So here, as on both levels of this amazing craft, the Riviera 545's sophisticated blend of function and form delights all those fortunate enough to be onboard.

And of course, as proud owners and hosts, it's not only your guests who are impressed...

Gloss Walnut timber finish

Fresh linen at your service.

Your 545 SUV has a very capable laundry station complete with a linen and towel cupboard. Discreetly and centrally located to the left of the stairway leading down to the accommodation deck you'll find an efficient solution to all the fresh laundry needs of everyone on board. Polished timber and painted screen panel doors open out to reveal a linen cupboard above and a front load washer dryer combination machine below. A handy pull out drawer sits in the middle. Now you can pack a little lighter and enjoy your adventures for as long as you like.....that's the Riviera way.

Gloss Walnut timber finish

Engineering excellence

The clean and uncluttered engine room — with acoustic and thermal insulation and LED lighting — highlights the skilled consideration for which Riviera is renowned globally in terms of engineering.

The impressive commercial air intake system helps keep the engine room temperature well below the manufacturer's formal recommendation, reducing fuel consumption even further, while the air-conditioning units are mounted high so gravity feeds condensation water into the common drain lines located on either side of the yacht, and which drain aft and overboard.

All onboard drains also feed into these common drain lines, while an advanced mist elimination system with veins draws moisture from the air and feeds directly overboard.

Four automatic bilge pumps with manual override are located at various points throughout the hull and also pump directly overboard.

There's even a dedicated space for a gyroscopic stabiliser — yet another example of how Riviera is ready to embrace all innovations that make boating more enjoyable.

Electrical excellence

All batteries onboard the 545 SUV are maintenance free to ensure carefree boating and are housed in special battery boxes in accordance with the American Boating & Yacht Council (ABYC) and European Union's CE industry standards.

The house power is 24 volt, which allows for simpler charging, lower current draw and smaller cables (further reduced weight) than equivalent 12 volt systems. The 2.5kW AC/DC inverter provides power to the icemaker, galley outlet and onboard entertainment systems, ensuring watching television while relaxing quietly at anchor is whisper quiet.

LED lighting is utilised throughout the yacht and provides trouble free boating while reducing electrical current draw. The lamps use less than 10 per cent of the power required to run a conventional bulb lamp — no bulbs means no maintenance and long service life. Additionally, Residual Circuit Interrupter (RCD/GFCI) provides protection over the entire yacht and also complies with ABYC and CE standards for safer boating.

The power and technology

Riviera is at the forefront of a marine propulsion revolution, having now launched over 500 pod-driven luxury motor yachts.

Pod-drives are used on such worldly form vessels as the Queen Mary II cruise ship as well as large scale commercial craft. This proven technology has revolutionised pleasure yachts.

Pod drives offer an excellent power-to-weight ratio delivering improved performance, enhanced torque, improved fuel efficiency, simple maneuverability, reduced environmental impact and quiet operation thanks to under water exhausts.

In simplified terms, Volvo Penta's innovative Inboard Propulsion System (IPS) features twin pod drive units, each of which is capable of turning independently to provide the correct thrust to move the yacht in the exact direction required by the skipper easily controlling the system with either a steering wheel and throttles or a joystick.

The 545 SUV has a joystick at the helm and an additional joystick as standard in her cockpit so a skipper, either solo or with a novice crew, is able to simply push and twist the joystick and the yacht will respond immediately, pivoting in place or tracking sideways into a berth. In the 545 SUV, owners have the option of having the cockpit joystick located on either the port or starboard sides.

IPS also offers a Dynamic Positioning System (DPS) for station-holding while preparing lines and fenders or while waiting off a fuel jetty, the convenience of Auto Pilot, manual trimming with

optional auto-trim, as well as a highly-efficient Anti-Corrosion Protection (ACP) unit mounted to the transom to reduce the maintenance of sacrificial anodes.

The three-blade nibral, forward facing, counter-rotating propellers are protected by the premium antifoul coating propped to achieve a long service life, as well as 316 marine grade stainless steel line cutters from Volvo Penta, located between the propellers for protection from ropes, fishing lines, plastic bags or nets. These precision made line cutters create a very efficient rotating cutting action to protect the propellers and shaft sealing without increasing drag or fuel burn.

The 545 SUV employs the revolutionary Volvo Penta D11-IPS800 propulsion system with twin D11 engines and IPS2 pod-drives (2x 460kW/625hp) as the standard package. This is a perfectly matched drive package for the 545 and the system's Class 4 commercial rating assures reliability and durability. Additionally, the IPS2 package is fully certified under the Det Norske Veritas and Germanischer Lloyd (DNV GL) classification system.

Owners are also able to select the optional D11-IPS950 system with twin D11 engines and IPS20 pod-drive units (2 x 533kW/725hp).

Window to the future

To give you total command of the 545 SUV, Volvo Penta's state-of-the-art Glass Cockpit navigation and monitoring system blends new technology with dependability and practical functionality.

The Glass Cockpit system provides a very clean, easy-to-use system with enhanced overview and control of both engines and navigation, including GPS, sounder and radar, even autopilot and optional charts ... and all in one place and in the one system.

Integrated with the IPS Electronic Vessel Control (EVC) system, the Glass Cockpit gathers all driver information and displays it in one location. The easy-to-handle, pinch-to-zoom displays give you instant data and control. The ergonomic design and interface for the dashboard offers push buttons on the controls and touch-buttons on the screens.

Just one clever feature of the Glass Cockpit is the unique auto guidance feature that — based on the yacht's draft and your desired safety distance to obstacles — searches through all relevant charts to create a route you can follow, avoiding shallow water, buoys and other obstacles. Coupled with the auto pilot, it not only shows the way, it can take you there.

The Glass Cockpit also enables the option of full joystick steering whilst underway.

The Riviera advantage

Riviera is continuing to lead the luxury motor yacht market and proudly stands behind the machinery and systems onboard its world-class designs.

A 5-year limited warranty on all Volvo Penta systems is now standard with every new Riviera and covers Volvo Penta helm station electronics, steering and propellers as well as major componentry of their high performance drivelines and fuel-efficient engines.

Available worldwide, this extended warranty compliments the Riviera 5-year structural limited warranty and will provide even greater peace of mind for our valued members of the Riviera boating family.

Riviera Family members also enjoy exclusive invitations to fun-filled social and boating education events, inspiring cruising experiences as well as special offers on genuine parts, electronics and our premium Riviera lifestyle collection.

CZone simplicity

The fully integrated CZone digital switching system enhances the ease of monitoring and operation of the Riviera 545's onboard systems, including tanks, and extends centralised, touch-screen control to lighting, pumps, batteries, entertainment systems and appliances.

CZone allows owners to operate multiple circuits at a single touch, energising all lighting and electrics depending on your requirements. It comes pre-programmed with three modes — entertaining, cruising and dock unattended — and these modes can be customised by the owner so the system works exactly how you want.

Other user-friendly features include interior light-dimming, timer controls, automated circuit control, wiper speed and wash functions. There's also a service mode that shuts down all power and systems.

Based on industry-proven Controller Area Network (CAN) technology, the CZone system offers DC and AC switching and over-current protection. Full systems monitoring (with alarms) including AC voltage, current frequency and kilowatts, DC voltage, current and remaining battery capacity, along with fluid tank levels and indication for systems in operation, is clearly displayed on the 5-inch touch-screen at the helm and 8.4-inch screen at the saloon entrance.

There is also the option of additional iPod connectivity so you can control CZone from anywhere onboard your yacht.

Impeccable pedigree

The confident poise of the 545 SUV is just as evident offshore as it is at anchor — her solid and robust hull with keel is the evolution of our rich 39-year history of building over 5,400 world-class luxury motor yachts that are time proven in the often challenging Australian offshore conditions.

Every Riviera built at our world-class facility on Australia's Gold Coast combines superior-strength hand lay-ups with a water-tight collision bulkhead forward, and independent compartments throughout the hull.

Our legendary build quality also features vinylster resin in the outer layer of lamination to increase the ability to withstand water absorption. An isophthalic gelcoat exterior provides an impeccable and hard-wearing surface finish.

From the waterline down, the hull is solid GRP with reinforced bottom, keel and chines. Structural core material is used in the hull flanks, main deck and hardtop, while precisely fitted, lightweight resin transfer-moulded small parts have a double-sided gelcoat finish and are pre-fitted for a perfect seal.

Riviera uses only 316 marine-grade stainless steel in all our exterior fastenings. All stainless steel rails feature ground and polished welds to ensure a consistently smooth and mirror finish.

Our designers have placed a firm focus on convenient access to every key maintenance point throughout the yacht so any issues can be quickly identified and addressed, and service costs are kept to a minimum.

*Specifications may vary on a regional basis.

Specification clarification

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).

** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Our care for your information

Due to the constant refinement of specifications and design by Riviera Australia, the information in this document may change without notice. Specifications may vary with time and by region. Some images or illustrations in this brochure may include options or custom details.

Please note that as safety equipment specifications or standards vary by country, this aspect of your purchase will need to be completed by yourself and or your Riviera representative.

Please refer to your Riviera representative for specific warranty cover and the latest detailed list of inclusions and options prior to purchase.

The Reassurance of owning a Riviera

What sets Riviera apart as one of the world's great luxury motor yacht builders?

Is it the devotion to quality, standard of materials used, the ocean-tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'.

The answer is all of the above, and more. Much, much more. Over 40 years and the building of over 5,600 luxury motor yachts, the 600-strong Riviera team have been on a continuous quest of evolution and refinement.

This remarkable heritage of knowledge matched by innovation allows us to marry the best of the time proven with the exciting and new. Witness our introduction of cutting edge touch screen digital technology and joystick maneuverability, which make navigating and operating a Riviera and Belize luxury motor yacht a relaxed and enjoyable experience.

Located on the Gold Coast, Queensland, our 14-hectare, state-of-the-art manufacturing facility is the largest facility of its kind in the Southern Hemisphere. Here we build on the notable Australian qualities of strength, practicality and love of water in the continent completely surrounded by three oceans and four seas.

Then we test our designs in some of the toughest offshore conditions on earth. Hardly surprising that Riviera luxury motor yachts command impressive resale values worldwide.

Today, you can choose from five individual designs that make up our fabulous collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. All will withstand virtually anything the elements and you can put them through, with poise and ease.

Naturally, we back this confidence with an industry-leading 5-year structural limited warranty. In addition, with all our Volvo Penta powered yachts, we offer a 5-year limited warranty covering helm station controls and multi-function displays, steering and propellers, plus pod drives and engines.

Life is too short for needless compromise. So when it comes time to invest in your dream motor yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera.

The pride of mastercraftsmanship

Owner-care at Riviera and Belize is in a class of its own. Premium quality, professional and personal, it is all designed to be of the highest quality, in keeping with the world-class luxury motor yacht we are building specifically for you.

Like thousands of other happy owners, we are confident your every experience of dealing with us and our global representative team - from selecting your favoured options, electronics and decor, through to routine maintenance and repairs - will be conducted with the upmost respect and care.

Our highly skilled team consult and partner with internationally acclaimed naval architects, designers and engineers to ensure we fully embrace the latest, most exciting industry standards and trends.

Constant communication with the worldwide family of Riviera owners also plays a vital part in helping guide and inform our new model development program.

All this pride in our designs and craftsmanship ensures Riviera will continue to exceed the evolving needs of discerning luxury motor yacht enthusiasts like you.

A global marque of excellence

For nearly four decades the Riviera team have been focused on the relentless pursuit of excellence. That means never being satisfied with the status quo, rather forever looking to improve and refine our knowledge base by embracing the latest technologies and work practices.

All these endeavours by our factory team and international representative network are directed towards creating a superior luxury motor yacht experience for you. They have also garnered us enormous acclaim from the global boating industry and specialist media along the way.

Over the past four decades Riviera have accumulated an impressive collection of local, national and international awards recognising 'world's best practice' across the fields of education and training, employment, innovative manufacturing techniques, export, quality of workmanship and pioneering design.

More than testimony to our passion for handcrafting superior luxury motor yachts, they are your assurance when you decide to own a Riviera motor yacht.

Systems and Technology

Electronics play an ever-increasing role in maximising the pleasure and safety of luxury motor yachts, and the choice of equipment that is available today is vast.

Selecting the equipment that meets your needs can be a challenging task — and Riviera's electronics experts are here to assist.

We source the best systems from around the world, we help match technology to individual requirements and work closely with Riviera's international representative network to create systems that maximise your boating pleasure.

Genuine Parts, Decor and Accessories

Our passion for quality and practical design is reflected in our exclusive and growing range of clothing, accessories and décor items created to enhance your lifestyle.

If you love your Riviera, you'll feel right at home with the Riviera Collection — an extensive range of casual, stylish, comfortable, practical equipment, clothing and accessories.

The Accessory and Décor collection ranges from storm jackets to stylish crockery and glassware.

To make your Riviera truly your own, we offer a wide range of fabrics, finishes and colour schemes that enable you to personalise your motor yacht.

Of course our experienced design team is always available to advise and assist you with your individual selection.

RivieraParts.com.au

The Riviera Experience

There's nothing quite like the exhilaration of blue-water cruising in company to remind our valued owners why they are so passionate about the rich and rewarding Riviera luxury life afloat.

For these are the types of passages that build the confidence and skills for people to use their yachts to their full potential, that create the very special memories that last a lifetime, and, importantly, are often the catalyst for long-lasting friendships.

Together, members of our growing global family of Riviera and Belize owners enjoy many special cruising experiences to idyllic destinations around the world — safe in the knowledge that experienced skippers and engineers are always close at hand.

We invite you to join with us for these special experiences — either to stretch your sea legs and gain offshore cruising confidence, or to simply enjoy the company of like-minded people who share an appreciation for the truly unique Riviera life.
